Big Bellies: BB people want to meet w/ NFA for comments (No Fig units are leased); possibly at next meeting (?)

## NFA Board Session:

NFA will be up for renewal end of 2019; process needs to start Jan 2018 w/ management district plan and engineers report updates; we will need to renew as a “P-BID” (no more Alpha BIDs allowed); we will try to renew for a 10-year term. This is an opportunity to reflect on BID past/present and streamline elections, bylaws, board member attendance, etc; determine goals; we will not be able to rollover excess funds into new BID (we can purchase equipment, etc); it ill still be property owner based.

- Grant proposal in progress for pressure washing
- We received a market match grant for the farmers market (total \$184,000 to be split w/ LHBA farmers market) for 2 year period; proposal to have security distribute this information when they do direct contact visits; also make a flyer to distribute to local schools
- Find out about city program for businesses to upgrade external signage

Meeting adjourned 11:30
